

Dear Members and Players of the Torre Pacheco Golf Club.

We hope and wish that you and your families are well and are looking forward to our life's returning to normal.

We are writing to announce that we are working hard so that we can open the doors of our beloved course as soon as we are authorized to do so.

As of today, we do not have a firm date from the government of Spain, to open, although it is speculated that it will either be the 11<sup>th</sup> or 25<sup>th</sup> of May, depending on the Phase that we are finally assigned.

In order to open the 11th, Murcia must be approved to enter into Phase 1 and the protocol measures that the Royal Spanish Golf Federation and the Spanish Association of Golf Courses presented to the health authorities. Both conditions must be in place, we expect this to happen this week.

In the case that we are not authorized during Friday 8<sup>th</sup> announcement at 20:00 hours, we will not be able to open the 11<sup>th</sup>. We will have to plan to open in the following days.

We have adapted the course and the club to be safe for everyone, and this entails some changes that will affect us all and that I ask you to strictly observe.

Some of them you will like and others you will not, but we believe that these measures are needed to be in line with the advice from the Royal Spanish Golf Federation, the Superior Council of Sports and the Associations of Courses and Golf Clubs of Spain.

**We want us all to be safe.**

We have adapted the protocol of action so that the golf courses of Spain can open their doors, to our course;

These are the measures we will carry out:
